GAL18V6-80
AS

BOSCH

SEQUENTIALLY CHARGES SIX BOSCH 18V BATTERIES

6-BAY CHARGING CONVENIENCE
Allows users to sequentially charge six Bosch 18V batteries. It has 2-Cycle Charging: Cycle 1 quickly charges each battery to 80% in sequence. Cycle 2 completes charging of each battery to full charge in sequence.

FAST CHARGING
8 AMP CHARGER

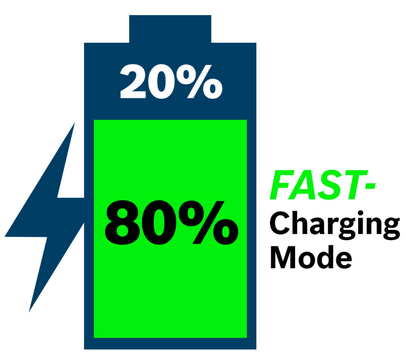
FAST CHARGING OPERATION
Charges a spent Bosch 18V 4 Ah battery to 80% in 32 minutes, a spent CORE18V 8 Ah battery to 80% in 42 minutes and a spent CORE18V 12 Ah battery to 80% in 65 minutes.

40% FASTER CHARGING*
*Compared to Bosch Standard 18V Chargers with CORE18V 8 Ah battery

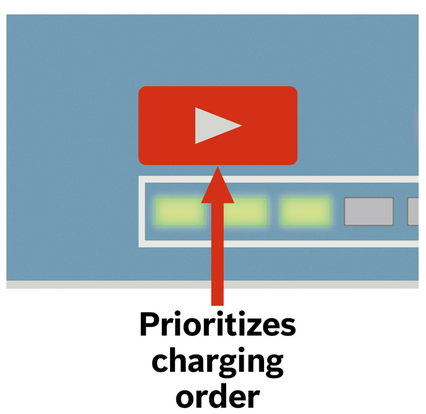
FAST CHARGER
Delivers at least 40% faster charging than Bosch Standard 18V Chargers with CORE18V 8 Ah battery.

BATTERIES SOLD SEPARATELY

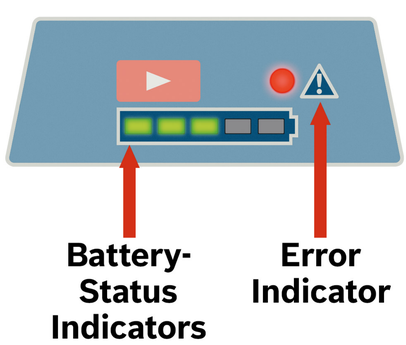
8-AMP CHARGING CURRENT
Delivers 4x the charging current vs. the GAL18V-20 standard charger.



REGULATED DUAL-MODE CHARGING
Charges battery fast while maintaining overall battery health; first 80% of charge is fast, remaining 20% is in long-life mode.

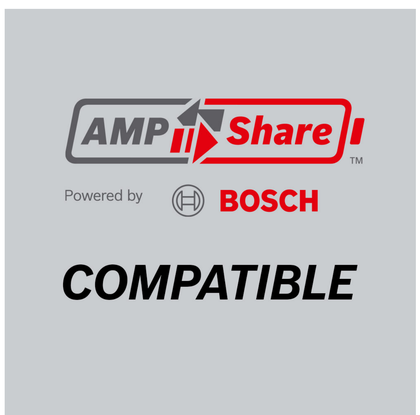


PRIORITIZE CHARGING ORDER
Easily prioritize a selected battery to start the charging cycle.



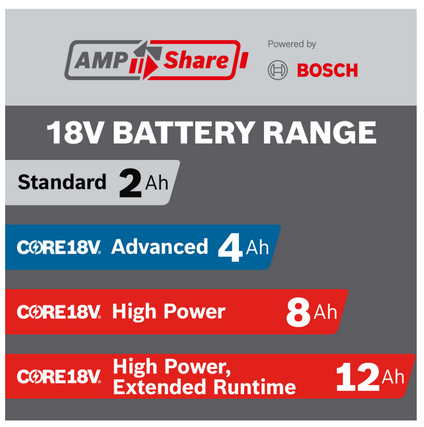
STATUS INDICATOR/ ERROR INDICATOR
Alerts users in case of charging interruptions due to temperature and/or faults. Status indicators provide indication of charge status and cycle for each bay.

AMPSHARE POWERED BY BOSCH SYSTEM
Battery system designed to be multi-brand compatible across many cordless products to make managing your workday easier.



AMPSHARE SYSTEM COMPATIBILITY
Bosch 18V batteries and chargers are part of AMPShare, a shared power source system, providing access to a growing portfolio of cordless solutions from expert brands.

18V BATTERY SYSTEM YOU CAN BUILD ON
AMPShare powers your work to get more done, bringing more flexibility than ever on one battery system.



PERFORMANCE FOR ANY JOB
AMPShare batteries (sold separately) deliver power for a wide range of applications, from standard to heavy-duty jobs. To keep power-ready, AMPShare offers fast charging solutions.
