

GDS18V-740CB14 AS

HIGH POWER TO BREAK FREE STUCK BOLTS

1,180 ft-lbs
Max Torque

A worker is shown using the Bosch GDS18V-740CB14 AS tool to break free stuck bolts on a red metal flange.

BREAKAWAY TORQUE
Delivers up to 740 Ft.-Lbs. of fastening torque and 1,180 Ft.-Lbs. of max breakaway torque, making it exceptional at quickly driving large lag bolts, anchors and other high-torque uses. With this tool, users can break free stuck bolts and drive with consistent power and control.

PROFACTOR™
THE ULTIMATE
PERFORMANCE FORMULA

BITURBO BRUSHLESS. + **CORE18V** + **TURBO CHARGER** OPTIONAL CHARGING SOLUTION

A diagram illustrates the 'PROFACTOR' performance formula by combining three elements: a Biturbo Brushless motor, a CORE18V battery, and a Turbo Charger (labeled as an optional charging solution). Below this, the Bosch GDS18V-740CB14 AS tool is shown with blue lightning bolt graphics.

CORDLESS DELIVERING BETTER THAN CORDED POWER
PROFACTOR Performance delivers high torque for breaking free stuck bolts and driving large fasteners quickly.

LIMIT TORQUE AND SPEED WITH CONTROLLED POWER

A worker is shown using the Bosch GDS18V-740CB14 AS tool. An overlay shows a gauge with three settings: 1, 2, and 3, representing controlled power output.

CONTROLLED POWER OUTPUT
Limit max torque and speed with three settings (0-800/1,300/1,750 rpm).

A diagram shows the internal components of the Biturbo Brushless motor, highlighting the high-performance motor and drive-train system. The text 'BITURBO BRUSHLESS.' is prominently displayed.

BITURBO BRUSHLESS TECHNOLOGY
Featuring a brushless high-performance motor and drive-train system engineered to take full advantage of the additional power generated by CORE18V High Power Batteries.

AUTO BOLT RELEASE
Stops rotation when there is no load on the tool to help prevent accidentally dropping bolts and nuts during removal.

BOSCH TOOLBOX APP FREE AT:

Download on the App Store
GET IT ON Google Play

A hand is shown holding a smartphone displaying the Bosch Toolbox App interface, which includes options for saving to a tool, selecting a reaction, and adjusting the auto bolt release.

CONNECTIVITY (MODULE INCLUDED)
Link to connected device via Bosch Toolbox App to customize settings and receive detailed feedback.

POWERED BY CORE18V®
8Ah

A Bosch CORE18V 8Ah battery is shown next to its fast charger. The AMP Share logo and Bosch logo are also present.

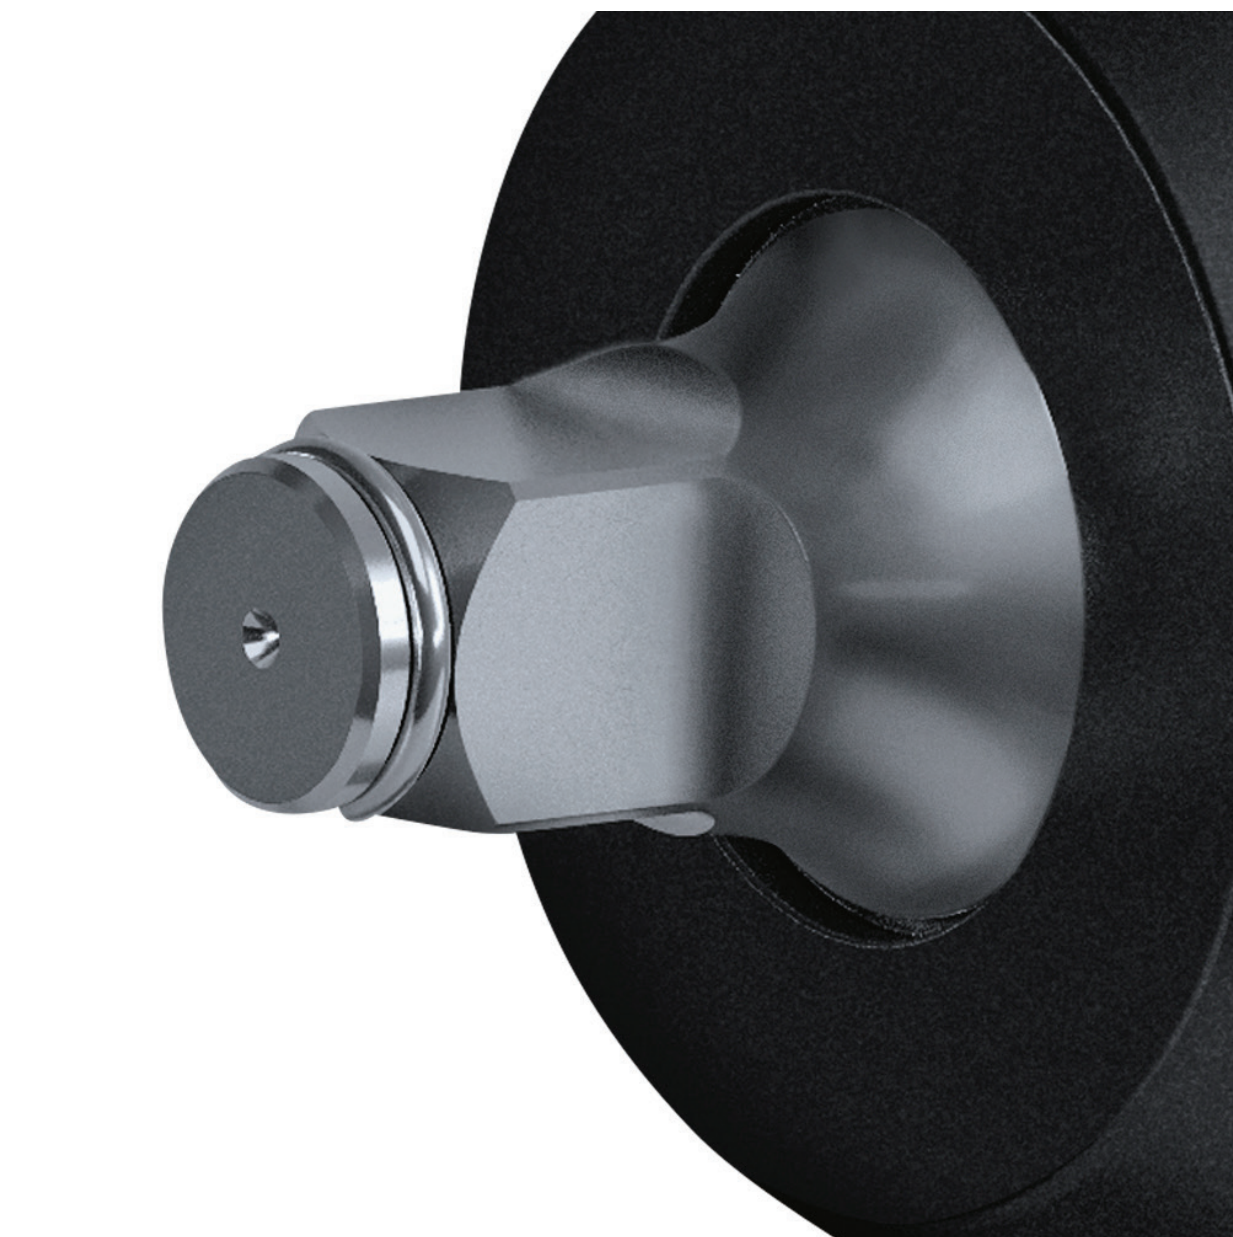

POWERED BY CORE18V
Includes a CORE18V 8 Ah High Power Battery and delivers 2x more runtime than CORE18V 4 Ah Battery. Includes an 18V Fast Charger.

A close-up of the on-board user interface shows three speed settings (1, 2, 3) and two modes (A, B). It also includes a 'SPEED' indicator and a 'MODE' button.

ONBOARD USER INTERFACE
Provides speed-setting control and tool-status feedback.

PROTECTIVE HEAD CASING
Helps protect against workpiece and tool damage.

1/2 IN. SQUARE DRIVE WITH FRICTION RING
Allows for fast socket changes.

75% MORE POWER
vs. GBA18V40

GBA18V80
8Ah

A Bosch GBA18V80 8Ah battery is shown, highlighting its high power and runtime capabilities. The AMP Share logo and Bosch logo are also present.

HIGH POWER BATTERY
Delivers over 75% more power and 2x more runtime compared to the CORE18V 4 Ah Battery.
